Bathroom A vintage mirror by Gessi hangs above the basin in this ensuite, decorated with ceramics from Salvatori and candles by Fornasetti. The taps are also from Gessi

Main bedroom Placed in front of a 'Policroma' porcelain wall panel by Cristina Celestino, this bed is from the 'Ghost' collection by Paola Navone for Gervasoni. 'Corolle' lamps by Baptiste Lanne are placed on the bedside table – a design by Doshi Levien for Moroso that never went into production – while the table at the foot of the bed is the 'Mer Noire', also by Lanne. The floor is decorated with a 'Figura Humana' rug by Eduardo Chillida for Nanimarquina. An 'Inlay' cabinet by Front for Porro sits in the corner of the bedroom (left), topped with a 'Lamp 1.03' by Haos and lithographs by Jean-Paul Chambas and August Puig from Galerie Fabrice Galvani
