Focus on: GRAY finishes

Vintage inspiration and a contemporary design characterise GRAY, a collection of chairs, armchairs, sofas, tables and coffee tables that combines the austere elegance of classic furniture with the simplicity of Nordic designs. Sophisticated and timeless, GRAY collection has been expanded with new elements and new wood finishes: already available in natural varnished Canaletto walnut, bleached oak and white, grey and black lacquered oak, the Gray collection expands the colour palette of oak with a warm Dove Grey colour and an intense Ocean colour.

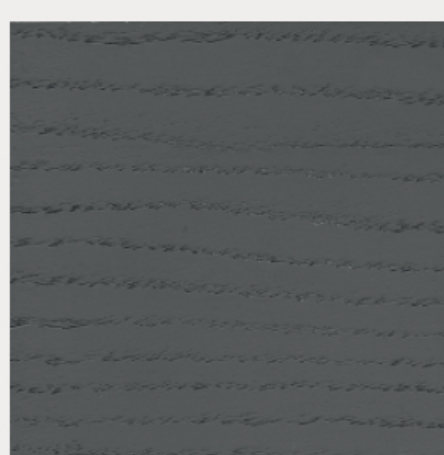

American walnut

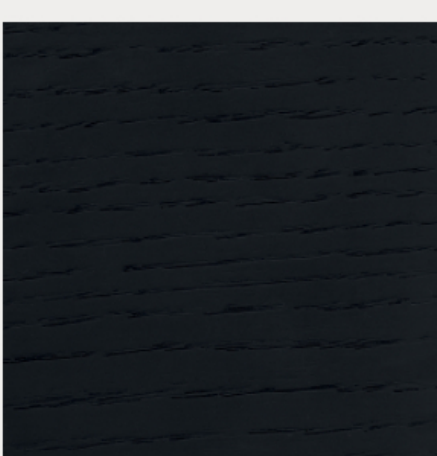

Bleached oak

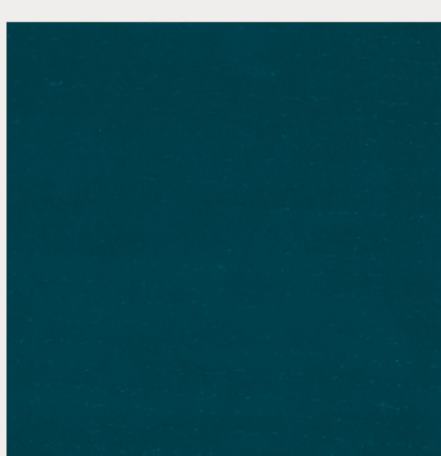

White lacquered oak

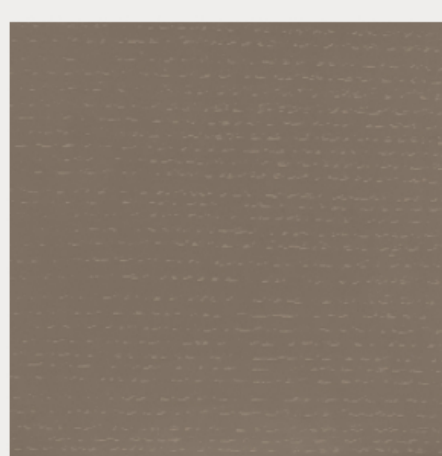

Grey lacquered oak

Black lacquered oak

Ocean lacquered oak

Dove-grey lacquered oak

Lighthouse Hotel

Situated in the small town of Busum in northern Germany, the Lighthouse Hotel & SPA has a captivating Nordic atmosphere and offers an enchanting view of the North Sea allowing you to enjoy the unique and changing beauty of the tides. The COSMA Interieur firm chose Gervasoni to furnish the interiors of the elegant building with some of its most iconic collections, such as Gray, Bass and InOut, which add a personal touch to industrial-style interiors with a vintage feel, characterized by dark, warm colours in the lounge areas and lighter colours in the bedrooms. The crown jewel of the project is the Gervasoni Suite: an 83 sqm room completely furnished by the company, which is distinguished by its elegance, high quality and an extraordinary balcony from which you can admire the most beautiful views of the sea.
