Focus on: Inout 800 Collection

Exotic suggestions alternate with elements of sophisticated essentiality in the Inout 800 Collection designed by Paola Navone. The characteristic weaving tradition of the Gervasoni Outdoor collection is reinterpreted with the use of the elastic belt. An innovative product, developed specifically for outdoor furniture with a synthetic rubber and propylene structure treated to resist over time against fading caused by weathering and pollutants.

Baglioni Hotel Carlton

The Baglioni Hotel Carlton in Milan redesigned its indoor garden with a project by Milan-based architecture firm Spagnulo & Partners featuring Gervasoni's outdoor furniture. In line with the style of the location, Gervasoni created an atmosphere that is sophisticated and metropolitan, thanks to the Inout Outdoor collection, characterised by its light tubular aluminium structure and distinctive interwoven elastic belts.
