### Sublime Comporta

Comporta, an area that includes villages, rice fields, vineyards, pine forests and 40 km of unspoilt white sandy beaches, is still one of Portugal's best-kept secrets. The area is home to Sublime Comporta, a country house retreat surrounded by an impressive natural environment where you can restore your mind and body through a unique spiritual experience.

Gervasoni contributes to the interior design by providing an elegant modern touch with the Ghost sofas and beds, Gray tables and chairs, Log poufs and furniture from the Inout collection.
