Preview Gervasoni @ Milano Design Week

For the first time, architects and designers from different backgrounds collaborate with Gervasoni to create collections that stretch broadly into the world of indoor and outdoor furnishings. An incessant research aimed at proposing the most suitable solutions for a contemporary comfort, leads the company to experiment newer ways to give shape to its domestic universe, defined by the care for details and by the innovative workmanship that become an expressive tool.

Focus on: Loll modular sofa

Loll is a model that exudes contemporary comfort, rendered truly special by its attention to detail, high-quality materials and unique craftsmanship. The Loll modular sofa completes the Loll family of sofas and armchairs, it is a project in which comfort and functionality are perfectly expressed through the creation of ever-new compositions. Thanks to modules with different shapes and to the particular design of the corner elements it is possible to create unusual compositions, suitable to any type of domestic and contract environment.

25hours Hotel

Paola Navone, together with Otto Studio, designs the interiors of the new 25hours Hotel in Piazza San Paolino in Florence, the first to be inaugurated in Italy by 25hours Hotels. The Divine Comedy, the theme chosen for the Florentine hotel, was the opportunity to transform the areas of the impressive "Monte de' Pegni". Gervasoni has furnished the "I Golosi" food area with bistro tables in special colours, the Sfere Celesti Lobby Bar with two grand sofas and the "Inferno" and "Paradiso" suites with custom-made armchairs and sofas.
