Samet + Samet Low Catalogue 2023

Samet is a modular sofa without rules, a multifunctional and modular product designed in two variants, a classic high version and a floor-standing version that is even closer to the Thai imagery from which the design was inspired. Details, stitching and matelassé enrich a simple modularity that creates infinite compositions with a timeless aesthetic, from the most classic sofa to the most multifaceted, from the tidiest to the most disjointed.

Pieve Aldina

A hotellerie jewel located in the heart of Tuscany, nestled among the vineyards and olive groves of the Chianti region. The comfort and versatility of the Loll chairs and poufs, and the Ghost and Ghost Modular sofas, fit spontaneously into the different environments of the structure composed of 22 accommodations including rooms and suites, each one different from the other, but all united by the balance between tradition and contemporary design.
