25hours Hotel

Paola Navone with OTTO Studio signs the interiors of the new hotel 25hours Piazza San Paolino in Florence. The Divine Comedy, the theme chosen for the city hotel, was the occasion to transform the spaces of the impressive "Monte de' Pegni" - the historical loan company of the Cassa di Risparmio di Firenze - into a sequence of amazing and pop settings. Gervasoni customised the interior spaces with custom-made products from the Inout, Loll, Beds, More and Gray collections.
