GHOST OUT / MODULARE SOFA, Paola Navone

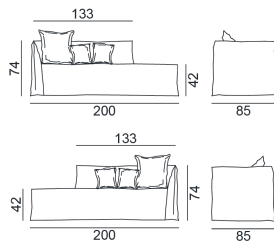

The modular sofa from the Ghost Out collection combines comfort, versatility, and elegance, making it ideal for outdoor spaces. Resistant to water and sunlight, it retains its shape and beauty over time. Its lightweight structure holds soft cushions, offering enveloping relaxation and adaptable configurations, perfect for enjoying outdoor spaces with style and functionality. Solid beech frame with raw plywood panels. Upholstery with polyurethane foams, covered by resinated material. Back cushions in dacron and down. Black polyethylene feet.

Recommended for use on verandas and terraces. All GHOST OUT collection items must be protected from sunlight using the protection cover to ensure the water-repellency characteristics. For best results, make sure the items, cushions, covers are completely dry before covering furniture, in order to avoid moisture build-up or the growth of mould.
