The Ghost sofa bed family combines functionality, comfort and aesthetics. Available in the armchair-bed and sofa-bed version in multiple sizes, the Ghost convertible sofas are created with a light body and essential volumes. The main feature of the Ghost sofa bed is the removable cover, an oversize housse whose shape is underlined by the visible stitching, allowing it to be put on and taken off in a flash. A textile product that easily changes appearance, allowing you to go from an elegant to an informal look with ease and speed.
