NUVOLA / ARMCHAIR,
Paola Navone

A family of armchairs with soft and attractive shapes, Nuvola’ s aesthetic invites you to dive into it: the high armrests welcome a seat as deep as a hug, creating a real cocoon effect. Available in two sizes, they are padded with multi-density polyurethane foam covered with quilt padded with goose down and polyester fibre staple. Solid beech frame with raw plywood panels. The cover is removable with visible seams that draw the profile of the product, and can be made with all the covers available in the catalogue in the name of maximum versatility.
