Standing lamp in Tyvek®, resin base, lampshade metal frame. Max. power 14 W, 220 Volt, bulb holder E 27. Upon request 110 Volt, US plug. Bulb not included. Use LED bulbs only.

Tyvek®: Tyvek® is composed of flash spun high-density polyethylene (HDPE). The result is a glossy white sheet that reproduces the appearance of paper. Thanks to its fibrous structure, it is tear-resistant and retains its characteristics even when folded. Tyvek® provides an inherent barrier to mould and other microorganisms. Directive 2002/96/EC (Waste Electrical and Electronic Equipment - WEEE): information for users. This product complies with EU Directive 2002/96/EC. The crossed-out wastebasket symbol on the appliance means that at the end of its useful lifespan, the product must be disposed of separately from ordinary household wastes. The user is responsible for delivering the appliance to an appropriate collection facility at the end of its useful lifespan. Appropriate separate collection to permit recycling, treatment and environmentally compatible disposal helps prevent negative impact on the environment and human health and promotes recycling of the materials making up the product. For more information on available collection facilities, contact your local waste collection service or the shop where you boughl this appliance.
