SAMET FIX / CANAPÉ,
Federica Biasi

Inspired by the relaxed atmosphere of Thai tradition, Samet Fix is an invitation to sophisticated comfort, enriched by sartorial details such as stitching and matelassé that enhance its craftsmanship. A perfect balance between contemporary design and artisanal savoir-faire, making Samet Fix the ideal choice for those seeking a distinctive style and enduring beauty. Sofa with fixed topper with removable cover. Structure in plywood and solid wood with elastic belts, high-resilience and variable density polyurethane foam. Structure covered heat-bonded fiber (resin wadding). Feet in black polyethylene. Back cushions in polyurethane. Attention: With KINGSMAN and CORDUROY fabrics, the direction of the stripes runs perpendicular to the quilting. With 3D fabric, there is no quilting and provides only inner seam.
