SAMET HIGH / MODULARE SOFA, Federica Biasi

Die Liebe zum Detail, die Materialforschung, die Modularität und die Vielseitigkeit der Nutzung sind die Aspekte, die das Sofa Samet von Federica Biasi definieren, ein Sofa ohne Regeln, das sowohl handwerkliches Können als auch industrielle Kapazität zum Ausdruck bringt. Die orientalische Quintessenz von Samet, multifunktional und konfigurierbar, wird durch die Erweiterung der Produktpalette mit der Einführung einer neuen Variante noch unterstrichen. Samet High wird durch die Hinzufügung eines dünnen gesteppten Kissens auf der Sitzfläche bereichert, um das Produkt noch näher an die thailändische Bildsprache heranzuführen, von der das Design inspiriert wurde.
